## Objective

To obtain a full-time, challenging, position in a leading-edge, energetic company where I can continue to grow my skills.

## Summary

User Experience expert specifically working with rich internet, desktop, and mobile applications. Extensive visual and interaction design experience. Front-end development experience with Adobe Flex and HTML using CSS and XML in a team environment.

## Experience

### Senior consultant, Keane Canada Inc

August 2003-present

- Participated in several RIA and mobile projects for a major Fortune 500 financial services company. Completed contextual research, user interface design and interaction design. Did front-end development in Flex (2, 3, 4 and AIR) with Eclipse Adobe Flex plugin using advanced MXML and ActionScript 3. Created development assets using Adobe Photoshop and Adobe Flash. Daily contact with the client, including travel to client site.
- Worked with a local and remote team, using Microsoft Visual SourceSafe and SharePoint.
- Worked on projects that adopted both the Waterfall and Agile methodologies.
- Conducted user experience research, visual design, and interaction design for several new product ideas and concepts using Axure RP, Adobe InDesign and Adobe Photoshop. Created all assets for development using Adobe Photoshop.

### Volunteer web specialist, EC German Shepherd Rescue

March 2010 – May 2010

- Re-branded, designed and developed the East Coast German Shepherd Rescue website with extensive CSS and HTML with JavaScript and PHP.
- Set up a blog, twitter account and facebook page. Updating the tweets and blog automatically update the website.
- Pull all adoptable dog information from the Petfinder database using the Petfinder API with PHP.

### Volunteer web developer, Nova Scotia SPCA

May 2008 – August 2009

- Designed and developed NS SPCA and Metro SPCA shelter websites in HTML with Javascript and extensive CSS.
- Designed and created the Nova Scotia SPCA E-Newsletter using HTML.

### Web developer, Canadian Public Relations Society

February 2007 – September 2007

- Designed and developed the 2008 CPRS conference website using HTML with JavaScript and CSS.

angelaportfolio.com

Volunteer web developer, World Jr Hockey Association  
December 2002 – January 2003

- Worked in a fast-paced environment with a team of volunteers to update the Hockey Canada website during the World Jr. Hockey tournament. Most of the work consisted of filling in Dreamweaver templates, making images for new stories using Photoshop, and uploading files via FTP to the live site.

## Education

Certificate in Digital Media, NSCAD

May 2009 – July 2011 (expected)

- Enrolled in Adobe Illustrator CS5 course; scheduled completion date July 12, 2011.
- Completed Digital Page Layout course: Adobe InDesign CS4.
- Completed Digital Imaging course: Adobe Photoshop CS4.

Information Technology – Internet Concentration, NSCC  
September 2001 – June 2003

- Diploma with honors.
- Highest Achievement award.

## Skills

- Using Adobe Photoshop to create visual designs and to create development assets
- Development with Flex (extensive MXML and moderate ActionScript) and AIR with XML and CSS
- Using extensive CSS and HTML to create websites
- Using Axure RP and Adobe InDesign for wire-framing
- Using Microsoft Visio for flow diagrams
- Experience with Agile and Waterfall project management methodologies
- Creating formal estimates and conducting formal peer reviews
- Excellent problem solving and interpersonal skills
- Working well without a lot of instruction
- Working well in a team environment
- Ability to pay close attention to detail
- Positive attitude toward change and learning
- Ability to work efficiently both individually and as part of a team
- Adapting quickly to new programs and environments
